

DONN L. BOOKER, SR.
Director of Business Management
U.S. Army Corps of Engineers
Gulf Region Division Baghdad, Iraq

Donn L. Booker, Sr., is the Director of Business Management for the U.S. Army Corps of Engineers, Gulf Region Division (GRD). He assumed the position 15 April 2007. Mr. Booker has responsibility for leading and managing the strategic direction, technical engineering support, and financial operations of the Division. He also oversees contracting and real estate.

Before assignment as Director of Business Management, he served from November 2005 to April 2007 as Director, Military Programs for the Gulf Region Division. In this position Mr. Booker had direct responsibility for leading the MILCON programs and providing management oversight for

Commanders Emergency Response Program and Development Funds for Iraq valued at more than \$1.3 billion dollars. His other duties included program budgeting, acquisition strategies, task order contractor awards and contract closeout.

Prior to coming to Iraq, Mr. Booker served as Division Chief Project Manager at U.S. Army Corps of Engineers' Transatlantic Programs Center (TAC) in Winchester, VA in support to GRD reach back to develop and control project scope, budget, and schedule throughout the life of the projects.

Mr. Booker was also responsible for ascertaining Army program requirements, disseminating and directing the Project Delivery Team (PDT) to design and contract for construction, completing various Army projects such as Camp Arifjan, Kuwait and Camp As Sayliyah, Qatar. These projects were valued at more than \$200 million and \$125 million respectively. In over 20 years with the Corps of Engineers, Mr. Booker has held several Construction and Project Management positions where he has managed contracts ranging from \$2.6 million to \$200 million, both stateside and in Europe and Southwest Asia.

In addition, Mr. Booker has been the recipient of numerous awards and recognitions. He received the Unsung Hero Awards for representing TAC in the local community and the Superior Civilian Service Award for exceptional work in the master planning of base camps in Iraq. He holds a Bachelor's Degree in Architectural Engineering from North Carolina A&T State University and a Master's Degree in Civil Engineering-Construction Management from Georgia Institute of Technology. He and his wife Wilhelmina have four children and reside in Winchester, Virginia.
